### **Examiner's Statement of Reasons for Allowance**

1. Claims 33-40 and 55-86 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggests a logic circuit and a memory circuit structure on a single substrate comprising a second transistor, where the second transistor includes a second dielectric layer of a second thickness different from the first thickness, due to a top layer which exhibits a higher resistance to oxidation or a higher resistance to boron penetration than the substrate material.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance".
